Microwaves and Tables Needed

We are looking to have a microwave or two and tables to set outside the kitchen area in the Parish Center for the students to use at lunch time. Should you happen to have one that you no longer need or replacing it with a new

one and it is still workable, please let us know. This is how some schools that we visited keep the interference and traffic away from the middle of the kitchen area during serving and cooking times. A number of stu-

dents are heating small lunches and this could be a safety hazard in the kitchen. If you have a question, please call Sr. Anna Rose. It is at least worth a try.
